Customer Relations

Primamed Technologies benefits from a direct relationship with health professionals and health institutions we collaborate with. Based on a rich experience and vast network of our team, we are able to offer solutions in a personalized way.

We collaborate with health institutions, both private and public, in Rwanda & East African region, including: *Rwanda Ministry of Health, Global Fund- Single Project Implementation Unit, Clinton Health Access Initiative, Partners In Health, United Nations Development Programme, IntraHealth International, King Faysal Hospital, Rwanda Military Hospital, University Teaching Hospital of Kigali, University Teaching Hospital of Butare*, among many others.

We look forward to the upcoming cooperation, and continue to work hard to sustain those we've built over the years.

Partnerships

In the same way, Primamed Technologies strives to be a good partner to manufacturing companies, via our proximity with end-users of their products and services. This benefits them through valuable feedbacks in regard to their R&D, in anticipating customer needs and offering true business opportunities.

Our partnership with diverse and leading international brands such as *Karl Storz GmbH & Co. KG* (Germany), *ESSE3* (Italy), *Trinity Biotech* (Ireland), *Bioneer* (South Korea), *LINET spol. s.r.o.* (Czech Republic), *Ultra-Controlo* (Portugal), *Canon Medical Systems* (Japan), *Tecmed Africa* (South Africa) and many more allow us to ensure our goal of assisting health professionals save lives, with innovative products and solutions.

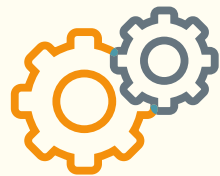

As a distributor, we work continuously with the manufacturer to reinforce its brand and increase its sales in Rwanda.
